EUTOR TROY CHEEY—Having heard a great many versions of the late delegate election, together with the proceedings of the County Convention at Troy, and witnessing the tragic proceedings of the same, I propose giving its main actors a fittle notice. Having learned that the Price party had gotten up a tickut in opposition to the one gotten up in Mr. Dreuning's interest, the Township Committee determined to give them a fair chance at the election, by putting on two who were then Price men as Judges. The polls were opened at proper time, continued open until there had not been a vote cast for more than half an hour before the polls were closed, and it was the fault of the voters, and not the Judges, that my did not vote. But there was one voter appeared after the polls wore closed, and but one—J. W. Pry. This man had bean in town more than half an heur before the polls when N. 6. Nelson declared the polls closed, and then could have voted; but he, together with the other seven whose affavits yers produced in the Convention, would not have compiled with the provisions of the call, viz: the support of the National Republican nominees; hence, they did not offer to vote. Mr. Welch had been in town more than an hour before the close of the polls. The Fitzgeralds are both, together with Mr. Mahoney, Greeley men, two are Dance, not having been in America air months, and not having their naturalization papers, or even declaring their intentions to become citiesna.

Mr. Price, the champion of the ring, happened to be at
